Barry

In the context of your response to the HMICFRS report and any comms you decide to do, whilst I think [REDACTED] makes a fair point given the likely decollaboration of the MIT, I do think there is a strong point that can be made about your steadfast support together with the NNE regional PCCs, for the successful co-working between forces to tackle the threat of serious and organised crime – and then link these examples in to that.

Dear all, Fyi below.

Also just been speaking to [REDACTED] and NERSOU/NCA just landed massive drugs, guns, money, seizure over last couple of months from penetrating encrypted network used by criminals, release out now, which should be coming to Cleveland Comms, there's a joint NERSOU/NCA release going out now – look out for it, and we can say something positive, and also celebrate the benefits of regional collaboration across NE and investment we've put in.

Regards

Barry
